Paging Equipment

Algo 8180

SIP Audio Alerter

The 8180 SIP Audio Alerter is a wall mount IP speaker for voice paging, emergency alerting and loud ringing applications fully compatible with the 1186 Horn Speaker. The speaker is a self-amplified PoE device.

Product Information

- Public address (PA) IP speaker
- Secure SIP using TLS and SRTP
- Talkback capable speaker
- PoE
- Customize WAV files for emergency notification
- Ideal for school classrooms, office, warehouse, kitchens and more.

Algo 1186

Analog Horn Speaker

The 1186 Analog Horn Speaker is an accessory for the 8180 SIP Audio Alerter. The analog horn speaker is particularly useful when additional volume is required or the application is outdoors - for example, a workplace which is expansive or loud (warehouse or machine shop).

Product Information

- Weatherproof
- Loud ringing and paging notification
- Telephone loud ringing, voice paging and alerting
- Dimensions: 11.8" x 6.6" x 10.2"
- Corrosion resistant stainless steel base
- UV stabilized impact resistant plastic for outdoor use
- Ideal for manufacturing plant / factory, utility, yard, farm and parking lot environments

Paging Equipment (continued)

Algo 8186

SIP Weatherproof Horn Speaker

The 8186 SIP Horn Speaker is an outdoor rated IP speaker for voice paging, emergency alerting and loud ringing applications. Perfect for a warehouse, factory / utility / plant, garage, machine shop, bus / train terminal, school gym, outdoor yard, car lot, etc.

Product Information

- Public address (PA) IP speaker
- Secure SIP using TLS and SRTP
- Talkback capable speaker
- PoE
- Customize WAV files for emergency notification
- IPX6 and outdoor rated
- Dynamic volume control responsive to ambient noise levels

Algo 8028

SIP Doorphone Controller and Intercom

The 8028 SIP Doorphone is a PoE IP intercom for hands-free visitor communication at a secure entrance door or gate. This IP intercom / doorphone is outdoor rated and a fully-compliant SIP endpoint.

Product Information

- Secure SIP using TLS and SRTP
- Wideband HD voice for high intelligibility speech
- NEMA 3R outdoor rated
- Includes controller and intercom
- Extended wiring up to 1,000 feet
- Ideal for door / gate entry, controlling access points to elevators, secure areas such as a day care, hospital ward, lab or data center.

Paging Equipment (continued)

Algo 8128

SIP Strobe Light Alerter

The 8128 SIP Strobe Light is a visual alerting IP endpoint in clear / white for telephone ringing where noise, noise sensitivity or hearing impairment are at issue. Commonly used for public address (PA) and mass notification applications to visually alert for safety or security events.

Product Information

- Strobe light and alert notification
- Secure SIP using TLS and SRTP
- Scale from one to many synchronized strobes
- Long-life LEDs providing 360 x 180 degree visibility
- Zero light degradation for at least 34 years
- 11 flash patterns, each with 3 brightness levels
- Dynamic volume control responsive to ambient noise levels
